

HIGHLIGHTS FROM OUR SUMMER CAMPS

Team Radosta Makes a Splash with Swim Lessons....

Brett Radosta and his daughter Ansley offered The American Red Cross Swimming and Water Safety program in Reunion this summer. The program combines the best in swim instruction with a strong emphasis on drowning prevention and water safety. Courses were offered for a variety of ages and skill levels including the parent child aquatics for children 6 months to 3 years, preschool aquatics and learn to swim for children and adults. Team Radosta's goal is to pass on their love of swimming, to encourage life-long healthy recreational habits and to help keep families in Reunion safe. The summer swim sessions proved to be a very rewarding experience for the students and instructors alike! The feedback from the parents has been great too...

"Before taking lessons with Brett my son had a slight fear of swimming. He loved to go to the pool but would never swim more than 2 or 3 feet without help. Our goal was to get him swimming well enough to be able to go down the slide. Now he is a fish and we can't keep him out of the water!! Brett helped my son gain the confidence and skills he needed to be able to feel comfortable swimming on his own. It's great to be able to sit back and watch him enjoying himself at the pool. Thanks Team Radosta!!" ~**Hollie Vokal (Jacob)**

"Thank you for the wonderful experience at swim lessons. Henry is very excited about his swimming and his accomplishment of being able to swim the whole length of the pool unassisted. That was a big first for him. He has also stated that he would be interested in joining a swim team in the future.

Dean's progress in two weeks of swim lessons has blown me away. Prior to swim lessons with you he was not comfortable to jump to me in the water without a life jacket. You did a wonderful job of building trust with him and he is now swimming unassisted and doing the water slide! Dean said, "I'm a good swimmer man like my teacher." Dean also told me that he wants to be a life guard. Swimming lessons have been a great investment of our time and resources." ~**Michelle Wall (Dean and Henry Wall)**
